**St. Charles Sportsman's Club, Inc.**  
**Membership Meeting Minutes**  
**Wednesday February 1, 2017**

President, Michael Klein, called the meeting to order at 7:05 p.m. A representative from Boy Scout Troop 424 led the presentation of the flag and the membership in the Pledge of Allegiance. Michelle Klein graciously offered the invocation.

Board members present were Michael Klein, President; Teresa Riskin, Second Vice President; Marlene Smith, Treasurer; Dave George, Property; Robert Douglas, Wildlife; Frank Fruh, Ways and Means; Jarrell Reeder, Huntsmaster; and Julie Morimoto, Secretary. Forty-one members were present.

**Secretary:** Julie Morimoto made a motion to approve the minutes of the January Membership Meeting as printed in the Recoil. Elaine Costello seconded the motion. A vote was called and the motion passed.

**Treasurer:** Marlene Smith reviewed the S&K finances. The staff at Middleton Hall recently ran a Charles County Chamber of Commerce event for about three hundred people, who all understand what we are trying to accomplish at the Hall. The Spaghetti Dinner was held on January 22, 2017. Members were impressed by the fare that was prepared by Chef Kendall Shelby.

Marlene reviewed the SCSC finances. Elaine Costello moved to accept the Treasurer's Report. Tom Scheid seconded the motion. A vote was called and the motion passed.

**Huntsmaster:** Jarrell Reeder reviewed the Welcome property hunting statistics. There were seventeen members who hunted the property, and collectively signed in one hundred and fifty-one times throughout the season. Nine deer were harvested: six does and three bucks. Derek Reynolds took the biggest deer; a ten-point buck.

**Second Vice President:** Teresa Riskin announced a Ladies Night shooting event on Thursday, March 23, 2017, at 6:00 p.m. Michelle Klein is coordinating the event. In addition to Range Safety Officers, other volunteers are needed to provide administrative support. An official announcement will be distributed.

In November, the indoor range was open for nine days, for a total of thirty-six hours. The range was used forty times by members and ten times by guests. \$105.25 in guest fees and target sales was collected in the month of November. In December, the indoor range was open for six days, for a total of nineteen hours. The range was used thirty times by members and sixteen times by guests. \$166.45 in guest fees and target sales was collected in the month of December. In January, the indoor range was open for seven days, for a total of thirty-three hours. The range was used fifty times by members and twenty-five times by guests. \$253.80 in guest fees and target sales was collected in the month of January. A compilation of 2016 will be provided at a later date.

**Ways and Means:** The Winter Blast took place on January 29. The event was well received and members are interested in another event.

**Property:** Dave George is organizing a work party to take down the corn cribs at the Welcome property on Saturday, February 25, 2017. Four residential pickup trucks will be needed to haul debris to the Charles County landfill. The landfill charges \$15 per truckload. The effort is expected to take six or eight volunteers, who would need to bring chainsaws and steel toed boots. **[Editorial Note: Since the**

**meeting, a member volunteered the use of a dump trailer and another member will allow us to offload the debris on their property.]**

Other tasks at the Welcome property include tacking down the tin roof on the barn and taking down a red oak tree that hangs over the barn. If you would like to volunteer for any of the aforementioned tasks, please let Dave George know. Dave will begin work on the Camping SOP. Jarrell Reeder, Dave George, Danny Arnold and James Staton will be meeting to discuss food plots and land management at the Welcome property.

**Old Business**

**Welcome Property Subdivision:** The Perc Location Survey and Septic Easement Plat for the subdivision is in review. As soon as we have a review, the subdivision plat will be submitted.

Teresa Riskin reminded members that when someone wants to use our range, it is taken into consideration by the Indoor Shooting Facility Committee (ISFC), and upon their approval, it must be presented to and approved by the members. She let the membership know that Maryland Shall Issue is present tonight, to share with the membership, the type of information and instruction that they have to offer. Most of the classes will be free of charge to SCSC members or there will be a nominal fee to cover their costs. She needs to make sure that the membership approves the use of the range. They agree to give SCSC fifty percent of their proceeds after expenses. SCSC will receive at least \$10 per shooter.

Teresa Riskin made the following motion: I move that the SCSC membership approve the use of the indoor range by Maryland Shall Issue (MSI). MSI is a not-for-profit organization and, as described in its literature, is a non-partisan organization dedicated to the preservation and advancement of gun owners' rights in Maryland. Their use will be for the purpose of offering courses to SCSC members including but not limited to: (1) Informational seminars on applying for a Maryland Wear and Carry permit; (2) HQL classes, complete with live fire and LIVESCAN fingerprinting; (3) Maryland Wear and Carry classes, including live fire; and (4) additional miscellaneous related classes. MSI will split its proceeds, after expenses, with SCSC following each of these events, with a minimum of the equivalent of a ten dollar fee for each shooter (the guest fee required at the indoor range). Since MSI is a not-for-profit organization, its use of our indoor range for these purposes would comply with SCSC's by-laws. As required by our Indoor Range Procedures, this request has been taken before the Indoor Shooting Facility Committee (ISFC), which has unanimously approved this use. **[Editorial Note: The membership asked for amendments to this original motion, this is not the final version.]** Dave George seconded the motion, President Klein opened the floor for discussion.

Tom Scheid commented that no dates were mentioned in the motion and questioned whether the agreement will be ongoing forever or if it will be limited to specific dates. He also asked if the vote should take place after the presentation. Teresa responded that the agreement would be on-going. She also felt that the MSI presentation was so compelling that she did not want to wait for another month for the membership vote.

Charlie Embody wanted to make sure that the use of the range by MSI would not interfere with our normal scheduled range activity. He also questioned whether they have a blanket insurance policy to cover liability for the classes.

Pete Charney amended Charlie's question to also make sure that the use of the range by MSI would not conflict with events scheduled for Middleton Hall. He went on to ask whether the arrangement essentially allows non-members to come, take a class, pay the guest fee and shoot at the range. Teresa responded that any events held by MSI would not conflict with our normal schedule or Middleton Hall events. To address the second point, Teresa responded that either she or one of the SCSC Range Safety Officers would be present.

Pete asked who covers what in regard to liability insurance. Teresa responded that MSI has a blanket insurance policy. President Klein added that they are looking for more sites to offer classes and expand public knowledge on the topics that they cover.

Elaine Costello wanted to make sure that MSI would be renting Middleton Hall for classroom instruction. Teresa said that we would give that to them and that the decision does not have to go before the membership. President Klein announced that it would have to be negotiated and he would approach it like the Hunter Safety class. Julie Morimoto wanted clarification how we would account for the use of the Middleton Hall. Tom Scheid disclosed that SCSC had to pay S&K for the use of Middleton Hall when Hunter Safety classes were offered.

Tom Scheid made a motion to table the discussion and the vote until after the presentation by MSI. He asked that we allow the membership to hear what MSI has to say and pointed out that the membership should not be voting on something that they do not know anything about. We should not vote on a blanket statement of agreement. It is not just our members, we can be overwhelmed by outside people. Several members seconded the move to table the motion until after the presentation. The vote was taken, and approved by the majority of the members present, to table the motion until later tonight, after the presentation.

Teresa made a second motion: I move that the SCSC membership approve the use of the indoor range from time to time by The Well-Armed Woman, Southern Maryland Chapter, to host indoor shooting events to which our members would be invited. According to its website, the national Well Armed Woman organization is a non-profit organization that organizes local groups of women around the country that meet monthly to practice, learn and grow as shooters. Since The Well-Armed Woman is a non-profit organization, its use of our indoor range for these purposes would comply with SCSC's by-laws. As required by our Indoor Range Procedures, this request has been taken before the Indoor Shooting Facility Committee (ISFC), which has unanimously approved this use. **[Editorial Note: The membership asked for amendments to this original motion, this is not the final version.]** Tom Scheid seconded the motion. The floor was opened for discussion.

Tom Scheid offered that while he thinks it is great for our club to try to reach out to the community, and to try to have events to promote shooting sports, we also need new members. If we constantly give the use of the facilities away, we will not get new members. Tom suggested a one-time trial to see what happens. He does not want to vote on an open agreement where they can have meetings at our facility whenever they feel like it. We should encourage them to join SCSC as members. Teresa responded that it is like Ladies Night, where they would pay \$10 per shooter guest fees and there would be an SCSC RSO present.

Elaine Costello inquired whether The Well-Armed Woman (TAW) would be paying SCSC for the use of the range, like the Sheriff's department, or if they are just paying the guest fee. Teresa responded that they do not have any money. Elaine clarified her question by

asking whether either of these organizations would be paying us a fee for the use of the range. President Klein responded that we would collect guest fees, but no fee for the use of the range. It could be included in the discussion.

Tom Scheid asked whether TAW had insurance to cover the instruction that they were offering at our facility. Teresa will need to check and report back to the membership. Teresa let the membership know that TAW representatives are NRA-certified Instructors or Range Safety Officers (RSOs). There will be an SCSC RSO on site and the ladies will sign waivers.

Elaine Costello asked what kind of instruction is being offered to the membership. Teresa responded that it would be similar to the Ladies Night event that we host; an indoctrination and a shoot. Our women, our spouses and friends could join them as well. Elaine commented that it was basic handgun instruction. Tom Scheid asked whether our firearms would be used or if they would bring their own. Teresa informed the membership that TAW would bring their own firearms and equipment. Tom Scheid asked for clarification of use of the range from time to time. Teresa responded that they only asked for one time but she elaborated on the approval from the membership so she would not have to ask for membership approval if they asked to come back. A member asked to better quantify the time. Teresa will amend the motion for the use of the indoor range once a quarter.

John Smith asked Teresa to answer whether TAW was interested in teaching our women or if they were just looking for a place to shoot. Teresa responded that they have club members who are looking for a place to shoot. They are under the umbrella of Sanner's Lake but their facility is outdoors and not amenable to shooting in the winter months. They would allow our women to come in and shoot with them. There may be something we can do with them at their facility.

Pete Charney asked to revisit how often TAW would be allowed to use the indoor range. He asked that the motion be amended to allow them to use the indoor range once a quarter for a year, that the arrangement needed to be brought back before the membership for review at the end of that year and to add a cease and desist clause in case it does not work out. Responding to a comment by Jeff Riskin to just drop the offer to the membership, Pete Charney explained that these kinds of arrangements are new to the club. We want to try it but we need to make sure that it works for us too.

Teresa amended the motion to read: I move that SCSC membership approve the use of the indoor range once each quarter by The Well-Armed Woman, to be reviewed at the end of a twelve month period for possible continuation. Tom Scheid provided a second to the motion. Pete Charney asked about insurance. Teresa responded that she did not know. The membership voted and the motion passed but it is contingent on The Well-Armed Woman providing liability insurance for any event they sponsor.

Tom Scheid asked the Huntsmaster and Property Chairman whether there was a budget to cover food plots at the Welcome property in order to prepare it for next year's hunting season. Dave George was going to volunteer to buy clover. President Klein responded that every Board Member has a \$100 discretionary fund, which could be used for emergency funds. Danny Arnold has already done some bush-hogging. James Staton would like to implement some Wildlife Management strategies to make the Welcome property more attractive to deer. To elaborate on his idea, we could spend a lot of money providing browse to deer, as they consume five gallons of browse a day. Our trees do not generate any browse. If we brush hog, get the warm-season grasses out of the way and let nature take its course, deer will be happy. We just need to take better care of our

property and make it more inviting by putting in bedding areas. Dave George talked to the membership about how mismanagement of the land in Pomfret drove the deer away. Dave George, Jarrell Reeder, Danny Arnold and James Staton will meet to discuss this plan.

Mark Pennak, President, and John Mountjoy, Vice President, of Maryland Shall Issue addressed the membership. Notes from their presentation will be captured in a separate document and will be made available to members.

Tom Scheid made a motion to untable the tabled motion regarding Maryland Shall Issue. Brian Rehm seconded the motion. Members voted in favor to untable the motion. Teresa re-read the motion. When the floor was opened for discussion, Julie Morimoto asked for the motion to be amended to read that the arrangement will be valid for a limited time period of one year, will be reviewed after one year and that MSI will provide their own liability insurance. Tom Scheid seconded the amendment. A member pointed out that the MSI handout states that they carry their own liability insurance but Julie asked for it to be included in the motion. Another member pointed out that the motion mentions the use of the indoor range, but that it does not mention the use of Middleton Hall for training. President Klein stated that Middleton Hall would be rented, that it is not part of the SCSC umbrella. Teresa Riskin provided that the way the by-laws are written, the only thing the membership is required to vote on is the use of the range. President Klein called for a vote, which passed unanimously.

In two months, we will have the Board Elections. If you are interested in serving the club, please contact President Klein.

#### **Good and Welfare**

Everett Kline won \$29 in the 50/50 drawing and generously donated the money back to the club, which Marlene accepted. Jose Torres won the \$29 worker drawing. Ed Winters let the members know that MSI is also a membership organization. SCSC members who are interested in joining MSI, can find the information on their website. **[Editorial Note: The website is [marylandshallissue.org](http://marylandshallissue.org) and membership fees range from \$25 (General) up to \$100 (Life).]**

President Klein called for a member to adjourn the meeting. Tom Scheid made the motion, which several members seconded. A vote was called and the motion passed. The meeting was adjourned at 8:18 p.m. Respectfully submitted, Julie Morimoto, Secretary

#### **Second Vice President's Report**

*Teresa Riskin*

It's time for another Ladies Night at the Indoor Range! The next event is scheduled for Thursday evening, March 23, 2017. Relays will begin at 6 p.m., and each relay will start with a safety briefing in the Patuxent Room. Participants will be assigned to a relay once they RSVP (a requirement for participation). Please have interested persons send an email to [SCSCevent@gmail.com](mailto:SCSCevent@gmail.com) to express their desire to participate. Likewise, please use that same email address if you would like to assist in any way that evening. Michelle Klein is handling the planning of this event and will be monitoring that email

address for RSVPs, volunteers, and any other information or questions you might send to that address. A full-page flyer is attached to this Recoil so that you can photocopy and/or forward the flyer by email to interested persons. A few reminders for those ladies who will be attending as shooters: (1) Wear a shirt or jacket that has a collar and can button or zip to the top; (2) Wear closed-toed shoes; (3) Dress warmly – the shooting area is not temperature controlled and, in fact, draws in outside ventilation; (4) .22 handguns and ammunition will be provided; (5) personally-owned handguns are welcome (unloaded and cased) – if the handgun is other than .22, the shooter should bring her own ammunition; (6) Eye and ear protection will be provided, but participants are welcome to bring their own; (7) A \$10 fee will be assessed each shooter with the exception of club members. Many thanks to Michelle for the work she has already put into this event and to Chief Range Safety Officer José Torres for his interest in making these events safe and enjoyable for participants.
